

ARE YOU READY FOR AN EMERGENCY? You Can Be.

Washington Ambulance invites you to a FREE community symposium, offered to help you and your family prevent, prepare for, and manage emergencies.

SATURDAY, MAY 20, 1:30 - 4:00 P.M.

Sessions:

FIRST AID TRAINING FOR FAMILIES (2 Sessions)

LEARN CPR - Mo Van Moffaert, Washington Ambulance CPR Instructor

EMERGENCY MANAGEMENT: ARE YOU READY? - James W. Cooper

COMMON PEDIATRIC EMERGENCIES AND SAFETY - Matthew Abel, M.D.

SLEEP PROBLEMS IN CHILDREN AND ADOLESCENTS - Jose Mendez, M.D.

PREVENTING AND MANAGING VETERINARY EMERGENCIES -

Patricia Grinnell, DVM ("Dr. Trish")

LOCATION: Rumsey Hall School, 201 Romford Road, Washington Depot, CT 06794

REGISTER TODAY at <http://tinyurl.com/m4q6hb9>

REGISTRATION DEADLINE: Thursday, May 18th

We really do need to know how many people plan to attend each session in order to have the right size space and the right number of instructors!

Please note that all participants under the age of 18 must be accompanied by a parent or guardian throughout the program.

Mathew G. Abel, M.D., joined Candlewood Valley Pediatrics in 2001. He is Board Certified in Pediatrics and is on staff at New Milford Hospital and at Connecticut Children's Medical Center.

James W. Cooper is Administrative Director, Emergency Management, at Western Connecticut Health Network. He has been an EMS provider and educator for more than 40 years.

Jose Mendez, M.D., is a specialist in pulmonary and sleep medicine. His credentials include a residency program at Yale University and a fellowship at the Mayo Clinic School of Graduate Medical Education. (Note: The parents among us consider sleep problems in children and adolescents to be a family emergency!)

Patricia Grinnell, DVM ("Dr. Trish"), a graduate of the Cornell College of Veterinary Medicine, is a partner in Washington's Aspetuck Animal Hospital. Her talk will focus on preventing and managing emergencies that may affect the animal members of our families.
