

Green Week

April 23-27

ALL WEEK WE WILL BE COLLECTING PLASTIC BAGS FOR RECYCLING.

Monday

Think Green

Students will learn facts about plastics and our environment.

Tuesday

Environmental Choice Day

Students will choose three workshops of interest in the areas of pollination, upcycling, grounds beautification, or solar, wind, or water energy.

Wednesday

Students will learn about solar energy from guest speaker, Ray Furse, from Litchfield Solar. Students will also learn about electric cars.

Thursday

Town Meeting

The Environmental Club will share important facts, and simple ways we can help preserve our environment.

Friday

Walk for Water - H2O for Life Project

WPS walks the River Trail to raise funds to build a water filtration system for EZ Kabane High School in Port Elizabeth, South Africa.

Families of WPS are welcome to join during this event.

Special thanks to Sue Ubaldi, Brooke Faison, Shawna Godshalk, Sarah Belanger and all the volunteers who helped organize the events for the week.
