

Holidays Around the World Volunteers Needed

This year on December 22rd, the Washington Primary Students are traveling to Ireland, Switzerland, and the Philippines. Every year, our students spend a morning learning about the celebratory customs of other countries' holidays. The teachers develop engaging activities that allow our students to understand how our customs are similar and different to other countries. With parent participation, Holidays Around the World is a rich experience enjoyed by all. We would love to have your participation. We need volunteers between 9:00 a.m. and 12:15 p.m. If you would like to volunteer please return the bottom portion of the notice by Monday December 18th. If you have any questions please contact Susan Ubaldi.
